

ARTISTRY® YOUTH XTEND™ Frequently Asked Questions

GENERAL PRODUCT

1. What is the purpose of the ARTISTRY YOUTH XTEND Collection?

The YOUTH XTEND Collection offers a comprehensive approach to anti-aging skincare to revitalize the future of skin and help reclaim youthful beauty now, and into the future.

2. Who do you recommend uses the ARTISTRY YOUTH XTEND Collection?

It is recommended for women who are interested in addressing fine lines, wrinkles, and a loss of skin clarity and radiance.

3. Which YOUTH XTEND system should I use?

The YOUTH XTEND Skincare System and Power System are scientifically designed to work together, so you can use both. There is no overlap in products between the two systems. In addition, these convenient product bundles are available at a 10% discount when compared with purchasing them individually.

4. What is the difference between a system and a regimen?

A system is a bundle of products that work together. A regimen is your day and evening skincare routine, which consists of four key steps: cleanse, tone, treat, and moisturize.

5. What is the YOUTH XTEND Skincare System?

The YOUTH XTEND Skincare System consists of your anti-aging cleanser, toner, and day moisturizer. The Skincare System includes:

- Advanced Creamy Foam Cleanser
- Advanced Softening Toner
- Protecting Cream OR Protecting Lotion

The Skincare System is a high-performing restoring regimen designed to rejuvenate skin's youthful appearance and help reclaim youthful beauty now, and into the future.

Frequently Asked Questions

6. What is the YOUTH XTEND Power System?

The Power System is a trio of the most powerful YOUTH XTEND products. Your anti-aging serum, eye cream, and night moisturizer work together to provide your skin with exactly what you need to prolong a younger look.

The Power System includes:

- Serum Concentrate
- Enriching Eye Cream
- Enriching Cream OR Enriching Lotion

Results You Can See – Now, and Into the Future:

- **IMMEDIATELY: 89%** of women noticed softer skin after only one use of the Power System.
- **IN ONE WEEK: 78%** of women saw fewer fine lines and wrinkles.
- **IN TWO WEEKS: 93%** of women experienced a clinical reduction in visible fine lines and wrinkles around the eyes, after using the Enriching Eye Cream.

7. How should the products included in the YOUTH XTEND Collection be stored?

For maximum stability, the product should be stored at room temperature (below 30°C, 86°F) and away from direct sunlight.

8. What is the shelf life of the product and how long can I keep each product after it has been opened?

The shelf life of the product is three years, unopened. Once the product is opened, it has a 12-month shelf life.

9. Are these products, or any technology in the products, covered by any patents?

The total number of granted patents and patents pending for the YOUTH XTEND Collection, including ingredients and packaging design, is 28.*

- Total Granted Patents: 12*
- Total Patents Pending: 16*

*Includes ingredient and packaging-design patents and patents pending.

ARTISTRY® YOUTH XTEND™ Frequently Asked Questions

10. What clinical testing or laboratory support is available for these products?

Third-party clinical testing was done to support all safety and efficacy claims.

11. Do any of the ARTISTRY YOUTH XTEND Collection products have any known instabilities (for example: color variation, odor variation, acceptable separation)?

The YOUTH XTEND products contain naturally based ingredients, some of which may have a tendency to darken very slightly over time. For example, a bright white cream might change color. Regardless of any color change, the product efficacy remains the same.

PRODUCT USE

1. How long do each of the ARTISTRY YOUTH XTEND Collection products last during use?

The expected use-up rate for YOUTH XTEND products is approximately six to eight weeks.

2. How close to the eyes can you apply the ARTISTRY YOUTH XTEND products?

The only product designed for eye area use is Enriching Eye Cream. All other YOUTH XTEND products should not be used on the eyelid or direct eye area.

3. What is the correct order of use for each YOUTH XTEND product?

The YOUTH XTEND products work together in the ARTISTRY 4-step Regimen:

Step 1 – Cleanse: Advanced Creamy Foam Cleanser ☀️ ☾

Step 2 – Tone: Advanced Softening Toner ☀️ ☾

Step 3 – Treat: Serum Concentrate ☀️ ☾

Step 4 – Moisturize:

Eye – Enriching Eye Cream ☀️ ☾

Face – Day: Protecting Cream or Lotion with SPF 15 ☀️

Face – Night: Enriching Cream or Lotion ☾

ARTISTRY® YOUTH XTEND™ Frequently Asked Questions

4. Can the ARTISTRY YOUTH XTEND products be used with other ARTISTRY skincare products?

YOUTH XTEND products are compatible with all ARTISTRY skincare products, including the ARTISTRY **intensive skincare** and Creme LuXury product lines.

5. Why is the nozzle on the pump products in the locked position upon first opening?

This is a special, travel-friendly feature. The nozzle should be rotated one-eighth turn counterclockwise to unlock and allow the product to disperse. The nozzle can be relocked by rotating one-eighth turn clockwise.

RESULTS

1. How quickly will I see a difference in my skin?

Results are individual and depend on many factors, such as age and condition of skin. Generally, most people will see an immediate result in skin moisturization and smoothness. Under clinical testing, women noticed a reduction in visible fine lines and wrinkles in as little as one week, with increased benefits with continued use.

2. Do the YOUTH XTEND products work better when used together?

Yes, clinical testing has shown a significant and synergistic improvement in skin benefits when using the products together.

ARTISTRY® YOUTH XTEND™ Frequently Asked Questions

TECHNOLOGY AND INGREDIENTS

1. What are the key technologies and ingredients in YOUTH XTEND products?

The featured technologies and ingredients in the YOUTH XTEND Collection are:

1. **Revitalize.** Key ingredient: LifeSirt
2. **Repair.** Key ingredient: Micro-X6 Peptide
3. **Protect.** Key ingredient: African Baobab Fruit Extract

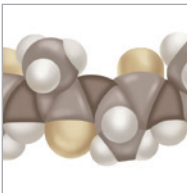

2. What is LifeSirt?

Revitalize: LifeSirt Mediterranean Botanical

LifeSirt, a life-extending Mediterranean botanical extract, nourishes skin cells, revitalizing the future of skin for a more youthful look.

The LifeSirt ingredient story

In ancient Greece and Rome, it is said that the myrtle plant symbolized love and immortality. Essential oil from the plant was used to create “angel water,” which had the power to restore freshness and youth to the skin. ARTISTRY scientists acquired this shrub, found in the Mediterranean, and investigated its activity in the ARTISTRY bioassay laboratory with in-vitro performance testing. This ingredient is even more stable and effective than resveratrol, a well-known antioxidant found in red wine. LifeSirt helps revitalize skin’s future for younger-looking skin.

3. What is Micro-X6 Peptide?

Repair: Micro-X6 Peptide

Micro-X6 Peptide helps repair the appearance of past damage. ARTISTRY scientists discovered this mighty mini peptide, which consists of six amino acids and helps reduce the look of fine lines and wrinkles.

4. What is African Baobab Fruit Extract?

Protect: African Baobab Fruit Extract

Radiance and clarity return to skin with conditioners and antioxidants, including the African baobab fruit extract and other ingredients sourced from our own organic farms. The baobab tree, known as “the tree of life” in Africa, is high in natural moisturizers and helps protect skin’s vibrancy.

Frequently Asked Questions

5. What are the key ingredients in the antioxidant blend included in Protecting Lotion, Protecting Cream, and Enriching Eye Cream

The key ingredients include a unique combination of conditioners, antioxidants, and soothing agents, featuring African baobab fruit extract, plus black currant, green acerola cherry, and other botanicals, some grown on our own organic farms.

6. Do any of the YOUTH XTEND products contain sunscreen?

Yes, the Protecting Lotion and Protecting Cream contain SPF 15 PA +++, a broad-spectrum sunscreen with UV protection. SPF 15 is meant for everyday incidental exposure to sun.

7. What type of fragrance is used in the ARTISTRY YOUTH XTEND skincare line?

The fragrance, developed exclusively for YOUTH XTEND, contains a delicate bouquet of jasmine, magnolia, green tea, citrus, and cedarwood.

8. Do ARTISTRY YOUTH XTEND products contain any soy ingredients?

All YOUTH XTEND products include a low-level soy-derived ingredient. Each ingredient has gone through a thorough safety evaluation.

9. Do the ARTISTRY YOUTH XTEND products contain gluten?

YOUTH XTEND products do not contain any wheat ingredients. But they do contain a patented oat derivative, so we would not characterize these products as gluten free.

10. Does the ARTISTRY YOUTH XTEND line contain any animal ingredients?

YOUTH XTEND products contain squalane, a lipid derived from shark liver oil, and sterol lipids from purified wool grease. These ingredients are used in other ARTISTRY products.

11. Are there any Nutrilite-approved ingredients in ARTISTRY YOUTH XTEND products?

The following Nutrilite-approved ingredients have been included in YOUTH XTEND formulas: green acerola cherry and black currant. These extracts provide antioxidant protection against environmental stressors.

Frequently Asked Questions

SAFETY AND CAUTIONS

1. Can YOUTH XTEND products be used on those with sensitive skin?

All YOUTH XTEND products have been thoroughly tested on groups of individuals representing all skin types. There was no evidence of allergic response or extreme skin irritation. However, we recognize that no testing program can assure that no one will ever develop minor reactions. No skincare product is guaranteed to be 100% irritation free for everyone.

2. If I have a bad sunburn, can I use these products? How about after a chemical peel or laser treatment?

Generally, we do not recommend that any cosmetic product be used after a “bad” sunburn or any treatment that causes extreme inflammation. The products should only be used after inflammation has subsided. For use after a chemical peel or laser treatment, one should consult their physician.

3. Are there any products that should be avoided when using the ARTISTRY YOUTH XTEND Collection?

No other ARTISTRY products need to be avoided when using YOUTH XTEND products. YOUTH XTEND products were formulated to be compatible with all other ARTISTRY skincare products.

4. Why do some products, despite extensive testing, still cause a skin reaction on some people?

No skincare product is guaranteed to be 100% irritation free for everyone. All YOUTH XTEND products are thoroughly tested for skin compatibility and safety, but there is always a small number of people sensitive to certain ingredients. Otherwise, the products are considered completely safe when used as directed. Just as some people are allergic to pets or dust, others are allergic to common cosmetic ingredients. Of course, we are careful not to use any ingredients that are known to cause allergic reactions. It must also be kept in mind that YOUTH XTEND products contain many highly effective ingredients in order to provide the high level of anti-aging benefits. If redness develops or the sensations become more severe, the consumer should discontinue use.
